

Allen Fly Fishing  
565 Commerce St Ste 100  
Southlake TX 76092

## Repair/Service Form

**Our warranty covers all manufacturing faults and defects. All incidental and wear and tear damages are covered under our repair and service program. All warranties are covered under the discretion of Allen Fly Fishing products. If it is determined that the issue was a result of alteration, incident, neglect, or normal wear and tear, we will repair it for a fee.**

**Please fill out the form to the best of your ability and include in the return package. For multiple items, a Repair form must be filled out separately. Enclose the completed form, along with your warranty or service item/s, in a shipping box (envelopes are not allowed). Please use box filler (such as newspaper, bubble wrap, foam, Styrofoam filler etc.). Close and tape the box securely. We recommend shipping your package with a company that uses tracking numbers. Allen Fly Fishing will not be responsible for any damage or loss incurred if your items are not properly packaged and shipped.**

**If you are shipping from outside the United States: Avoid unnecessary duty charges by filling out the declaration form required by US Customs. Note on the form that the items are being returned for warranty service.**
